(*NTI*)

Embedded Systems AVR
(*ITI*)

HTML and CSS
(*Mahara Tech*)

Javascript
(*Mahara Tech*)

Professional Experience

Front-End developer
- Utilized version control systems like Git for efficient teamwork and code management.
- Contributed ideas during brainstorming sessions for new features or improvements to existing ones.
- Translated design mockups into responsive web pages using pixel-perfect techniques.
- Fixed bugs and resolved technical issues reported by users or team members.
- Developed user-friendly website interfaces using HTML, CSS, and JavaScript.
- Checked structure, conformance, and browser compatibility of code with validation processes.

Projects

Hotel web by using html,css and Javascript
